

No Pianist For Assembly? No Problem (Volume 3) Tracklist

A B C D E F G

A better world

A douze

A living song

All heav'n declares

Alphabet athletics

Baby Jesus, sleeping softly

Banana tango

Be cool

Be cool, be green

Blessed be the name of the Lord

Build your house on stones and rock

Can you count the stars

Cauliflow'r and celery

'Cheep!' said the sparrow

Child in a manger born

Christ be beside me

Clap your hands and sing this song

Come, now is the time to worship

Come on, let's get up and go

Conspicuity

Cycle safety

Do anything but throw it away

Do the King Kong konga,br>Do you not know?

Don't be too busy for Christmas

Even when the darkest clouds are in the sky

Ev'rybody shout!

Ev'ry word comes alive,br>Fill your hearts with joy and gladness

Flick'ring candles in the night

For unto us a child is born

Frère Jacques

Gerry's song

Glory, glory, glory

God is making a wonderful world

Good to be me

Grand finale!

Hang on

Harvest song

Here's a song we like to sing

Hope for a better tomorrow

I am a new creation

I am H-A-P-P-Y

I am planting my feet

I feel spring in the air today
I know a boy
I love the flowers
I see you walking alone
I will be your friend
I spend my whole day shining shoes
I went into the bathroom
If you are feeling rather sad
I'm gonna be your friend
I'm gonna let my light shine
In Christ alone
It happens each spring
Isn't it nice
It isn't any trouble just to S-M-I-L-E
It takes an almighty hand
Jesus is a friend of mine
Jesus, you are risen
Joining together
Leavers' song
Let love be real
Light a flame
Like a candle flame
Mary had a little baby
Mary met an angel unexpectedly
Mary said to Joseph
Meekness and majesty
Multiplicity
New leaves are growing
No wars will stop us singing
Now the green blade riseth
Now the harvest is all gathered
Now we sing a harvest song
O land of my fathers
Ok
1 2 3 good to be me
Our God loves us
Out to the great wide world we go!
People who help us
Recycle it!
Seasons
Seasons spinning in a circle
Shepherds, do not be afraid
Shining shoes
Side-tracked
Sing 'em a song!

Sleep my baby, at my breast
S-M-I-L-E
Spread a little happiness
So now it's time to say 'Goodbye'
Stand up! Walk tall
Suo gan
Take a look around you
Tell out, my soul
Thanks to you
The animals went in two by two
The candle song
The duck goes 'Quack'
The earth is yours, O God
The King Kong konga!
The Lord's my Shepherd
The sky feels like it's falling
The sharing bread
There are many living things
There is a farmer
There's no work to be done today
Think, think on these things
This is a lovely world
Tick tock
Time to go home
To the people who help us
Ugly sounds are overhead
Un, deux, trois
Variety, variety
Wake up each day
Wake up! Warm up!
Wave your branches high
We eat the plants that grow from the seed
We like joyful music
We place on the harvest table
We're going to shine like the sun
We're nearly at the end
When it's a sunny day
When we first learn how to ride a bike
When we're going out at night
When you know your tables
When you're smiling
You can't stop God from loving you
You can't stop rain from falling down
